### **Gas Leak**

PASO ROBLES, CA – At approximately 11:30 a.m. on Tuesday November 6th, Paso

Robles Fire and Emergency Services was dispatched to 1500 Linne Rd. for a reported ruptured gas line.

The first arriving unit reported a 4” gas line had been struck by an excavator and was actively releasing Natural Gas. Fire crews established a safe perimeter and evacuated the immediate area. The Gas company responded and had the gas leak mitigated by 3:45pm. No Service interruptions are expected. Linne Rd. is expected to reopen for traffic by 5pm.

Two fire engines and one Battalion Chief from Paso Robles responded.
