CAL FIRE La Panza Station #41 Reopened

San Luis Obispo County, CA—

CAL FIRE San Luis Obispo Unit is pleased to announce that La Panza Station #41 has officially reopened and resumed normal operations following the successful completion of scheduled maintenance.

After several weeks of closure for preventative work, the station is once again fully operational. These maintenance efforts are a critical part of CAL FIRE's commitment to maintaining safe, functional facilities for fire personnel, ensuring readiness and safety for years to come.

"We want to thank the community for their patience during this project," said CAL FIRE San Luis Obispo Unit Chief John Owens. "While the station was temporarily closed, there was no decrease in our level of service to the public."

Preventative maintenance like this helps extend the longevity of vital infrastructure and reinforces CAL FIRE's mission to protect life, property, and natural resources throughout San Luis Obispo County.
