FOR IMMEDIATE RELEASE

Date: February 21, 2024
Contact: Hailey Leurck, Restoration Technician (805) 460-7272 Ext. 4
Upper Salinas–Las Tablas Resource Conservation District

COMMUNITY MEETING FOR THE ADELAIIDA AREA GROUNDWATER STUDY –

The San Luis Obispo County Flood Control and Water Conservation District is coordinating with the U.S. Geological Survey (USGS) and the Upper Salinas - Las Tablas Resource Conservation District (RCD) on a hydrogeological study of the Adelaida area, west of the City of Paso Robles (see study area map). The goal of this study is to provide a better understanding of the groundwater conditions in the Adelaida area so that informed decisions can be made concerning the management of local water resources.

Community Meeting Details

**Tuesday, February 27, 2024 at 3:00 p.m.
Atascadero Library in the Polin Community Room
6555 Capistrano Avenue, Atascadero, CA 93422**

The RCD will be hosting a community meeting where the project team will provide an update on the study and present information on recent work efforts.

Presentation topics will include:

- Surface water and groundwater data collection
- Hydrogeologic framework
- Remaining work for the current task
- Future tasks / open forum

All members of the public who are interested in groundwater conditions in the Adelaida area are encouraged to attend.

For more information on the Adelaida area groundwater study, or to sign up for updates via email, please visit slocounty.ca.gov/AdelaidaStudy.
