City of Paso Robles Notifies Residents and Schools of Centennial Park Path/Trail Closure

PASO ROBLES, CA - March 27, 2024. The City of Paso Robles Public Works Department announces the closure of the Centennial Park path/trail in early April to facilitate essential maintenance work. The closure will affect the entirety of the trail, from the trailhead at the end of Lana Street to Nickerson Drive, as well as from the trailhead at Andrea Circle.

This maintenance work is crucial for the upkeep and safety of the trail. To minimize disruption, the City has coordinated with the Paso Robles Joint Unified School District (PRJUSD) to schedule the heavy maintenance during the upcoming spring break period, from March 28th to April 5th.

While this timing allows for the completion of heavy maintenance, it does not encompass the application of the sealcoat. To properly apply the sealcoat, the contractor will require a full closure of the path/trail for approximately three (3) days.

We understand that many students rely on the Centennial Park path/trail to commute to and from school from the surrounding neighborhoods. In the event that the closure extends beyond the spring break period, we urge students to seek alternate routes until the work is completed.

The City of Paso Robles apologizes for any inconvenience this closure may cause and appreciates the community's understanding and cooperation as we work to maintain the integrity of our public spaces.

For further information or updates on the closure, please contact Kevin Wells with the City of Paso Robles Public Works Department at (805) 237-3861.
