Paso Robles Fire and Emergency Services Conducting Training Burns at Airport

Paso Robles, CA – Paso Robles Fire and Emergency Services will be conducting several small training burns at the Paso Robles Airport on Tuesday, June 9, 2026, as part of a fire investigation training exercise, in conjunction with the San Luis Obispo Fire Investigation Strike Team.

Members of the public may notice light smoke in the area during the training. The burns will be closely monitored by fire personnel and are being conducted under an approved permit and controlled conditions with fire control measures in place.

The training will not affect airport operations, air traffic, or public access to airport facilities. There is no threat to the surrounding community.

These exercises provide valuable hands-on training for fire investigators and help ensure personnel remain prepared to effectively serve the community.
