Temporary Closure of Senior Center and Veterans Memorial Building in Paso Robles on Monday, April 27

Paso Robles, CA — The City of Paso Robles announces a temporary closure of the Senior Center (270 Scott Street) and the Veterans Memorial Building (240 Scott Street) beginning at noon on Monday, April 27, due to scheduled sewer line maintenance requiring a temporary water shutoff.

During this time, water service to both facilities will be unavailable, making it necessary to close the buildings for the remainder of the day. Normal operations are expected to resume on the following business day, pending completion of the work.

The City understands this may cause inconvenience and appreciates the community's patience as essential infrastructure improvements are completed to maintain reliable service.

Visitors are encouraged to plan accordingly and adjust any scheduled activities or appointments. For updates or additional information, please contact Recreation Services Manager Lynda Plescia at Lplescia@prcity.com or 805.237.3987
