

LIVE FIRE TRAINING BURN ANNOUNCEMENT

On Sunday January 25, 2026 Templeton Fire & Emergency Services will be conducting a live fire training exercise at 1400 South Main Street from approximately 0900 to 1800 hours.

The purpose of this training is to provide our firefighters, along with neighboring agencies, with realistic live fire training opportunities. Training evolutions will include interior fire attack, vertical ventilation, search and rescue, Rapid Intervention Crew (firefighter survival), and salvage and overhaul operations.

This training burn has been approved by the Air Pollution Control District and poses no threat to neighboring businesses or residences. A visible smoke column and drifting smoke are expected throughout the day.

ACCESS TO THE AREA WILL BE FOR FIRE PERSONNEL ONLY DURING THE TRAINING BURN OPERATION

We appreciate the community's understanding as we conduct this important training to enhance firefighter safety and operational readiness.
